STOCK MARKET

New York, Sept. 29.—Opening.—United States Steel and allied industries were the strong features of today's broad opening. Steel's first contribution comprised 15,000 shares at 118 3/4 to 119, with a subsequent further advance to 119 1/2, placing it within a fraction of its record. Gains of one to four points were made by Lackawanna, Crucible and Republic steels. Pressed Steel Car, Railway Steel Springs, American Can and Colorado Fuel. Motors were fairly strong with accessories, and rails, though only in moderate demand, showed substantial improvement. Lehigh Valley regained its quarterly dividend on an advance of 1 1/4 points.

Noon.—The movement in Steel and iron shares which embraced even the more obscure issues, together with equipments and semi-war shares, was the widest since last year's rise in the more distinctive munitions. Today's average of prices was in numerous instances well over that of 1915 with additional new records. Profit taking proved irresistible later. Republic
